1. Definition, Listing and Type of swing moorings:

1.1. Definition of owners of swing moorings:

The owners of the respective moorings under KYC jurisdiction, are either KYC (the Club), a member or a non-member, as reflected in the records maintained by KYC and which are based on historical documentation available from the time of initial establishment of the moorings.

1.2. Listing:

KYC undertakes to maintain an accurate listing (co-ordinates, owners and occupants as well as any other pertinent information relative to each swing mooring) on an ongoing basis.

1.3. Type of swing mooring:

Type 1. Mooring owned by an individual (member or non-member) who chooses to administer and maintain the mooring privately with no cost implication to KYC;

Type 2. Mooring owned by KYC;

Type 3. Mooring owned by a member giving written consent for utilisation by KYC for an agreed period.

KYC conducts full financial and rental administration, allocation and regular maintenance and upgrades of the Type 2 and 3 moorings, described above, as required.
